

1. A royal celebration

This subject of this lesson is the Diamond Jubilee of Britain's monarch, Queen Elizabeth II, the main celebrations for which are taking place in early June.

Level

Pre-intermediate and above (equivalent to CEF level A2–B1 and above)

How to use the lesson

1. Brainstorm on the subject of the British royal family: which members have your students heard of, and what do they know about each one? More specifically, what do they know about Queen Elizabeth II? Do they know what celebration, connected to the Queen, is happening in Britain this year? (At this stage you could, if you want, elicit some of the vocabulary that appears in the main text: *monarchy, monarch, throne, reign, etc.*)
2. Divide the students into pairs and hand out Worksheet A. Give them sufficient time to read through the text, encouraging them to look up new vocabulary. Tell them they are going to have to fill the gaps with appropriate words. You could perhaps suggest that they guess what those words might be before starting the exercise.
3. When the time is up, hand out Worksheet B and give the students sufficient time to fill the gaps using the correct words from the box. Make it clear that (a) there is only one possible word to fill each gap, and (b) there are twelve words in the box but only ten gaps in the text, meaning that two of the words should not be used.
4. Check answers in open class.
5. Ask the students to do Exercise 2, the crossword.
6. Check answers in open class.
